DS3 Programme Advisory Council Meeting
14th January 2015

Actions from Last Advisory Meeting – 23rd September 2014

DS3 Programme Update

1. TSOs to present the findings of the High SNSP Report H1 2014 and the High wind speed shut down reports at the next Advisory Council **(TSOs)**

   - **Update to be provided during the afternoon technical session on 14/01/15.**

Advisory Council Membership

2. TSOs to follow up with adding representatives from Large Energy Users, Demand Side Management, National Grid UK and HVDC Interconnection **(TSOs)**

   - **Three new Advisory Council members have been appointed. These are Vandad Hamidi from National Grid UK, Paddy Finn a Demand Side Management expert and Mick Hogan a HVDC Interconnection expert.**

RoCoF

3. TSOs to organise a RoCoF Alternative Solutions workshop with industry **(TSOs)**

   - **A RoCoF Alternative Solutions workshop was held in Dundalk on 21/11/2014.**

Industry Perspective

4. Advisory Council members to formulate a response to the SEMC outlining their concerns over delays in progress in DS3 Programme due to delays in RoCoF and System Services. The TSOs are to coordinate this response. **(TSOs)**

   - **The TSOs sent a letter to the SEM Committee on behalf of Advisory Council members on 14/11/2014. The letter conveyed the concern of the DS3 Advisory Council that delays in the implementation of the DS3 Programme have the potential to have a significant impact on both consumers and generator owners and developers and ultimately could jeopardise the delivery of 2020 renewable electricity targets.**

Risk Workshop

5. The TSOs are to circulate risk workshop summary report. (TSOs)

   - **Following the last Advisory Council meeting in Dundalk, the TSOs circulated the risk workshop summary report on 26/09/2014. The report can be found here.**
