

## Appendix B – Generator

The following generator information is included in this Appendix:

- Generator Type for each Generation Scenario
- Generator Type by Area for each Generation Scenario

Note: Tables B.1 and B.2 in the following section include both Ireland and Northern Ireland generation. Table B.3 and B.4 do not include Northern Ireland Data.

## B.1 Generation Type for each Generator Scenario

The table below shows existing and expected wind, offshore wind, solar, wave, battery and other technologies (other technologies include: biomass, biogas, CHP, LFG and Anaerobic Digester (AD) plants) in both Ireland and Northern Ireland, which were included in this analysis.

Type	Initial (MW)	33% (MW)	66% (MW)	ECP (MW)	ECP+ 2.2 GW Offshore (MW)	ECP + 4.4 GW Offshore (MW)	ECP + 5 GW Offshore (MW)
