Re: MPID 231 Tripping and High Speed Reclosing

Dear Arlene,

I refer to your correspondence to CER of 31st July 2012 seeking approval of Grid Code modification MPID 231, as recommended at Grid Code Review Panel meeting number 31 on 24th May 2012.

The CER is satisfied that EirGrid has recommended this modification for approval by the CER in accordance with the relevant provisions set out in the Grid Code for the handling of revisions and that the views of stakeholders have been adequately considered.

Having considered the modification and its supporting documentation the CER approves this modification and directs EirGrid to revise the Grid Code which shall be deemed to be amended accordingly from the date of this letter.

Yours sincerely,

Paul Brandon
Manager, Electricity Transmission
