Number queries from CRU	1	?
Number of rejection/ request for change by CRU	0	?
Duration of time to make revised edits to mods	na	?
Duration of time to add mod to new version of GC	In progress	?

# Update

## DSU/TSO Working Group for MPID293;

04/12/2024

# Update

## GCRP Member Roles

# GCRP Member Roles

## ❖ Grid Code Constitution:

*The Grid Code Review Panel (GCRP) is a panel of industry representatives with the objectives to:*

- a) generally review and discuss the Grid Code and its workings;*
- b) review and discuss all suggestions for amendments to the Grid Code which the TSO, the Commission, any User or any potential User may wish to submit to the TSO for consideration by the Panel from time to time;*
- c) discuss what changes are necessary to the Grid Code arising out of any unforeseen circumstances referred to it by the TSO under the Grid Code; and*
- d) make and publish recommendations and ensure that User consultation of such recommendations has occurred through Grid Code Review Panel members.*

- There is at least one industry representative for each cohort of transmission-connected user. The role of that representative is to represent the interests of their relevant cohort, e.g. at GCRP meetings, the Thermal Generator representative shall represent the interests of Thermal Generators connected to the Transmission System.

# GCRP Member Roles

- ❖ To support members in representing the interests of their relevant cohort, we plan to provide members' contact details to constituents, and also to provide mailing lists to each member so they can liaise with their constituents and engage with them regarding GCRP/JGCRP discussion topics, modification proposals and similar.
- To facilitate this, we ask your permission to include your contact details in an email that will be circulated to your relevant cohort. In that email, we will ask each constituent for their permission to be included in a mailing list, that will then be collated and provide to the relevant GCRP member.
- When emailing members re the draft minutes of this meeting, we will ask each member if we have your permission to send you contact email address to your constituents. Please respond to this email indicating whether we have your permission to do this.
