Re: MPID 220 Constitution and Rules of the GCRP

Dear Arlene,

I refer to your correspondence to CER of 1st February, 2012 seeking approval of Grid Code modification MPID 220, as recommended at Grid Code Review Panel meeting number 29 on 13th October, 2011.

The CER is satisfied that EirGrid has recommended this modification for approval by the CER in accordance with the relevant provisions set out in the Grid Code for the handling of revisions and that the views of stakeholders have been adequately considered. It is also noted that at GCRP #30 on 23rd February, 2012 the CER stated its intention to approve this modification and the Panel raised no objections.

Having considered the modification and its supporting documentation the CER approves this modification and directs EirGrid to revise the Grid Code which shall be deemed to be amended accordingly from the date of this letter.

Yours sincerely,
