**Re: Outturn Availability – MPID 268**

Dear Arlene,

I refer to your correspondence to CER of 8 July 2016 seeking approval of Grid Code modification MPID 268, as recommended at Grid Code Review Panel meeting on 26 May, 2016.

The CER is satisfied that EirGrid has recommended this modification for approval by the CER in accordance with the relevant provisions set out in the Grid Code for the handling of revisions and that the views of stakeholders have been adequately considered and addressed.

Having considered the modification and its supporting documentation the CER approves this modification and directs EirGrid to revise the Grid Code which shall be deemed to be amended accordingly from the latter of the date of this letter.

Yours sincerely,
