

**Grid Code
Modification Proposal Form**

Email to gridcode@eirgrid.com

**Title of Modification Proposal: Housekeeping –
Transmission System Security Planning Standards**

MPID (EirGrid Use Only): 274

Date:	16/04/2018		
Company Name:	EirGrid		
Applicant Name:	Arlene Chawke		
Email Address:	arlene.chawke@eirgrid.com	Tel:	01 2370129
Grid Code Version:	6		
Grid Code Section(s) Impacted by Modification Proposal:	PC.2 PC7.1 Definitions		

Modification Proposal Justification:

In May 2016 the title of the Transmission Planning Criteria was changed to the Transmission System Security Planning Standards (TSSPS). At the time the Grid Code was never modified to take account of the new title. The title of the document was changed as per the Transmission System Operator License.

Deleted text in ~~strike-through red font~~ and new text highlighted in *blue font*

PC.2 OBJECTIVES

The objectives of the **Planning Code** are to provide for:

- (a) **TSO/User** interaction in respect of any proposed development on the **User System** that may impact on the performance of the **Transmission System** or the direct connection with the **Transmission System**;
- (b) the supply of information required by the **TSO** from **Users** in

order for the **TSO** to undertake the planning and development of the **Transmission System** in accordance with the **Transmission System Security Planning Standards** and relevant standards;

- (c) the supply of information required by the **TSO** from **Users** in order for the **TSO** to participate in the co-ordinated planning and development of both the **Transmission System** and the **Other Transmission System**; and
- (d) the supply of information required by the **TSO** for the purposes of the **Forecast Statement**.

PC.7 PLANNING STANDARDS

PC.7.1 The **TSO** shall apply the **Transmission System Security Planning Standards** and relevant standards in the planning and development of the **Transmission System** and where appropriate when participating in the co-ordinated planning and development of both the **Transmission System** and the **Other Transmission System**.

DEFINITIONS:

Transmission System Security Planning Standards

System Planning practices and considerations that the **TSO** follows. The application of **Transmission System Security Planning Standards** may vary to match local conditions and local **System** requirements. The **Transmission System Security Planning Standards** is available on the **TSO's** website.
