**Re: Approval of the Grid Code Modification Recommendation MPID 318 Energy
Storage Power Stations Phase 2**

Dear Miriam,

I refer to your correspondence to CRU of 20 November 2024 seeking approval of Grid Code modification MPID 318, as recommended at the Grid Code Review Panel meeting on 24 September 2024.

The CRU is satisfied that EirGrid has recommended this modification for approval by the CRU in accordance with the relevant provisions set out in the Grid Code for the handling of revisions and that the views of stakeholders have been adequately considered and addressed.

Having considered the recommendation and its supporting documentation, as well as further engagement with EirGrid on 21 May 2025, the CRU approves the proposed modification. The CRU is satisfied that the recommendation is reasonable and will not adversely affect any Grid Code User.

The modification includes proposed changes to areas of common governance. The CRU engaged with the Utility Regulator on 28 May 2025.

The CRU now directs EirGrid to revise the Grid Code to take account of the approved modification. The Grid Code shall be deemed to be amended accordingly from the date of this letter.

Yours sincerely,

Sent by email and accordingly bears no signature

Deirdre O'Leary
