

## NOTIFICATION OF CHANGE IN UNIT AVAILABILITY

This form should be used where EirGrid has notified a station that a generation unit's Availability as defined in the Grid Code is different from the Outturn Availability that will be submitted to SEM-O by EirGrid. The EDIL system will be used to record Outturn Availability.

Please complete the table below and submit the form by e-mail to:

[NCC@EirGrid.com](mailto:NCC@EirGrid.com) and cc: [PSOP@EirGrid.com](mailto:PSOP@EirGrid.com)

<b>Station Name</b>	
<b>Unit ID</b>	
<b>Effective Date &amp; Time of Change</b>	
<b>Maximum Availability (MW) <sup>1</sup></b>	
<b>Minimum Availability (MW)</b>	
<b>Reason Code<sup>2</sup></b>	
<b>Submitted by</b>	
<b>Submitted Date and Time</b>	

---

<sup>1</sup> For dual fuel units please indicate which fuel the value applies to

<sup>2</sup> If values provided are different from the Contract values for this unit please provide a reason for the deviation.
