EirGrid Statement on Meetings with Politicians 26-09-08

August 2008

EirGrid has opened Information Centres in Navan and Carrickmacross to give local people the opportunity to discuss plans for the proposed 400kV power line.

On July 9th a "Study on the Comparative Merits of Overhead Electricity Transmission Lines versus Underground Cables" was published by Eamon Ryan, T.D., Minister for Communications, Energy and Natural Resources. The report, written by Ecofys, is available to download from the department's website.

On July 22nd a presentation was made to the Joint Oireachtas Committee on Communications, Energy and Natural Resources by Ecofys. Read the full transcript from the Ecofys presentation.
