

North-South 400kV Interconnection Development Project Activity – 2011

September 2011

EirGrid published its response to questions received from the elected members of Monaghan County Council following a council meeting held in June 2011. View [EirGrid Response to Monaghan County Council](#)

July 2011

The Minister for Communications, Energy and Natural Resources announced the appointment of the International Expert Commission (IEC). The IEC was appointed to investigate the case for, and the cost of, undergrounding all or part of the North South Electricity Interconnector.

EirGrid is extending the period of public consultation for the North-South 400 kV Interconnection Development for a further two weeks. A full version of the Press Release can be found here: [17 June 2011 - Press Release - Consultation Extension](#)

May 2011

EirGrid Launch Preliminary Re-Evaluation Report for consultation. The Report includes a review of key project documentation, including consultants' studies, reports and feedback from earlier public consultation - including submissions made to An Bord Pleanála - and it identifies an indicative project solution. The associated documents are available below:
