Valerie,

Further to previous discussions this is to confirm that this Department of the Council has agreed to act as your agent to distribute the above fund of €100,000 to eligible projects/initiatives on the terms and in the time frame to be finally agreed with you.

In this I want to confirm, as you have requested, that we see some 90% of the funds being distributed in the Rush area.

I trust this clarifies the situation.

Yours sincerely,

Senan Turnbull
